HOW TO MEASURE:

Height/length: Stand in stocking feet, with feet together and back to a wall. Measure from the floor to the top of the head.

For babies, measure from the bottom of the heel to the top of the head.

Chest: Measure around the fullest part of the chest, keeping the measuring tape up under the arms and around the shoulder blades.

Waist: Measure around the waist (not over pants) at your child's natural waistline.

Hips/diapered seat: Stand with the heels together and measure around the fullest part of the child's hips. For diapered babies, measure around the fullest part of the diapered seat.
